Seed Starting with Soil Blocking

Lisa Mason Ziegler

Every Seed fits into a Group:

Start Indoors

Plant Outdoors

Indoor or Outdoors

Prevent weeds with a hoe

Run a hoe through the soil weekly until seedlings are big enough to mulch

Mulch ASAP to prevent weeding chores

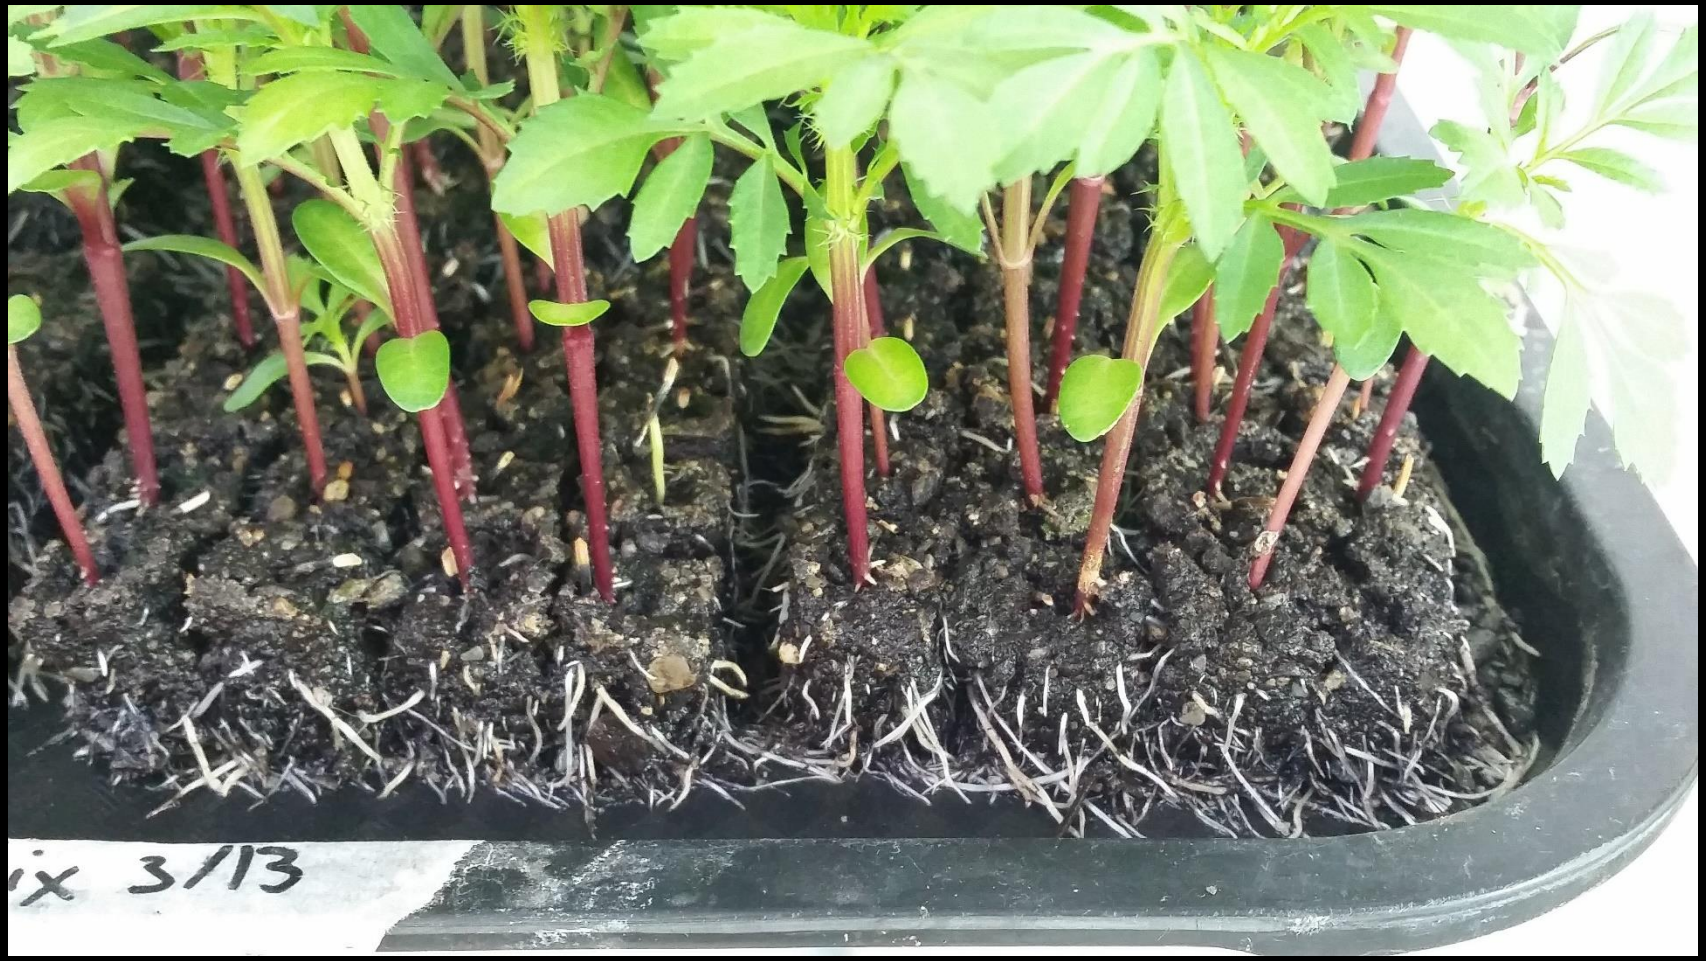
Indoors vs. Outdoors

For the best stand of plants and less work on your knees, start indoors.

Make blocks and sow seeds.
Use toothpick to sow small seeds.

Cardinal Basil 4/12

Zinnia Scarlet 5/4



ix 3/13

Planting into film for warmer soil, moisture retention and weed suppression.
